

PCK-350DR All-In-One System

This versatile machine does it all! It's an amplifier, portable address system, karaoke machine, DVD/CD player and MP3 Player all rolled into one affordable compact package. It's perfect for Singers, Musicians, Teachers, Schools, Churches, Public Speakers and Karaoke Jockeys, whether practicing, rehearsing, performing or playing.

And with the Digital Recorder, you can easily record your performances or transfer all your old audio tapes to a digital storage medium (SD card). You'll no longer have to worry about the loss of your favorite recordings nor have to waste time with "fast forward" and "rewind" again. It's so affordable that every school and church A/V department should have 2 or 3 of them.
